## 3. CONSENT CALENDAR

3.10.1 PGE Easement Park Place Apartments, Oroville – Taylor Gonzalez, Project Manager reported that the HACB was approached about a month and a half ago by PG &E as part of a larger project that they're completing on Meyer Street in Oroville where they're replacing gas service lines along Meyer Street and as part of that project they are also cleaning up some of their older land type issues where they would build their infrastructure and not get proper easements on private properties. As part of this project, they proposed an easement on the Park Place property in Oroville because PG&E owns the gas lines all the way up to the individual meters on the property. The HACB has come up with an agreement with PG &E so they can be able to do the project but we want to be able to ensure that we're not being too disrespectful for those tenants and residents, that being said, PG &E did propose the easement. It was reviewed by legal counsel and it's just a standard public utility

Housing Authority of the County of Butte Board of Commissioners Minutes – Meeting of December 19, 2024 Page 1 easement. Earlier in the week, Larry executed the easement. It's been delivered to PG &E as of today and we're looking at working with PG&E to plan the actual project over the next month or so. PG&E is anticipating starting the work on Park Place specifically in May or April 2025. That gives us some time to work with a third-party property manager to secure a concrete contractor who will come in after PG&E is done. PG&E has been very cooperative with the HACB.

Commissioner Ober moved that the Consent Calendar be accepted as presented, Commissioner Coy seconded. The vote in favor was unanimous.

### 4. CORRESPONDENCE

None.

### 5. REPORTS FROM EXECUTIVE DIRECTOR

- 5.1 <u>Housing Forecast</u> Presentation regarding Housing Situation in Butte County by former HACB Executive Director Ed Mayer. Mr. Mayer was asked by members of the Chico City Council to discuss growth in the community and asked to share the same presentation to the HACB Board of Commissioners. His presentation included various data & analysis as well some suggestions to address growth. Commissioners complimented the information shared by Mr. Mayer.
- HACB Write-Offs During the October Board meeting the HACB Board of 5.2 commissioners approved the write-off uncollectible accounts receivable. Finance Director Hope Stone reports that the numbers were compiled from the Yardi system, however, it was later discovered that the report did not pull by the age of the receivables and reported incorrect numbers for the October meeting. When it was realized that the number were incorrect Finance Director Stone and the accounting department did a deep dive into the system and tenant files and discovered that the reports were not tied out to tenant files. They then reached out to Yardi for answers and they could not answer why the reporting was incorrect. HACB accounting department went through tenant files and had to create their own aging report, resulting in much higher numbers than what were reported in October, which were material enough to come back with a revision to the Board. The writeff amount that was presented in October was \$10,075, the new revised amount is \$219,559. The write-off accounts will be sent to a collection agency for further action. Commissioner Richter asked ho do the numbers compare to earlier years? Finance Director Stone replied that the numbers are much higher than normal years.

### \*RESOLUTION NO. 4950\*

Commissioner Ober moved that Resolution No. 4950 be adopted by reading of title only: "WRITE-OFF UNCOLLECTIBLE AMOUNTS". Commissioner Richter seconded. The vote in favor was unanimous.

5.3 <u>HACB Audit</u> – Finance Director Stone reported the 2023 FYE audit was completed by new auditors Bowman & Company, LLP and she has submitted unaudited and audited FDs to HUD and are waiting for approval of those submissions to HUD. Because the 2023 has been completed Bowman is already working on the FYE 2024 audit. Finance Director Stone informed the Board of two findings from the auditors; one of them was due to the audit being late and the second is due to internal controls; a reflection of the Yardi software implementation issues and associated changes now implemented to accounting protocols. There were no other compliance findings or questioned costs. HACB staff recommends acceptance of the HACB FY2023 Audit report.

### \*MOTION\*

Commissioner Richter moved the HACB FY2023 Audit Report be accepted as presented. Commissioner Ober seconded. The vote in favor was unanimous.

5.4 <u>Personnel</u> – CalPERS requires that earnable compensation be duly approved and adopted by the governing body of the Housing Authority of the County of Butte, such information is to be accessible and available for public review. Deputy Director Tamra Young explained the two different pay schedules presented for adoption; one schedule is effective November 21, 2024 due to the two (2) changes made to the Organization Chart and compensation related to those changes and the second is based upon the 2.5% COLA effective January 1, 2025.

### \*RESOLUTION NO. 4951\*

Subject: Status of HACB Construction Projects

As of January 10, 2025, the status of HACB construction activity follows:

### **2020A Bond – Activities:**

To date, \$7,682,944 has been expended, representing approximately 81% of the project fund.
Expenses include the Property Condition Assessment Repairs completed at the six properties
that were used to leverage the bond proceeds, and the larger scale capital improvement projects
listed below. Larger bond disbursements are expected to continue as the CDBG-DR funds for
Mayer Commons are now fully expended, and as the Lincoln Stair and Second Floor Walkway
Repair project has commenced.

# Mayer Commons (formerly Kathy Court Apartments), Paradise:

- Construction continues to pace on schedule with final completion slated for April, 2025.
- Exterior work is progressing according to schedule. Installation of underground infrastructure for site lighting is currently underway concurrently with exterior painting, which is anticipated for completion the week of January 13<sup>th</sup>. Delivery and installation of the patio deck railing is also scheduled for the week of January 13<sup>th</sup>.
- Interior work is progressing according to schedule. Drywall texture application is nearing completion, to be followed by the installation of Gypcrete in the second-level units. Gypcrete installation and interior door installation are scheduled for the week of January 13<sup>th</sup>.
- To date, the project has experienced a cost increase of **9.5%** from the original contract amount. These additional costs have been fully absorbed by the project's contingency budget, which was established to address unforeseen expenses, uncertainties, and unforeseen needs. Given the project's current progress and the resolution of numerous design-related challenges and delays, minimal further cost increases are anticipated.
- The ninth disbursement of the Town of Paradise CDBG-DR loan funds has been received. A total of \$2,175,786 has been drawn on the \$2,695,318 loan total. The remaining loan funds will be disbursed at the end of the project. The loan funds will be utilized to pay the retainage due to Modern Building, as well as a \$250,000 Developer Fee due to the HACB.

Subject: Farm Labor Housing, Gridley – status report

As of January 1<sup>st</sup>, there were a total of (77) occupied units. There were (2) move-in's and (1) move-out during the month December. A total of (12) concrete block units are vacant and are rent ready. (18) units are deemed uninhabitable, and (8) are offline, waiting for the next phase renovation. All of the remodeled units are currently occupied. As residents move-out of the old 1930's-era wooden units the total number of units available for occupancy decreases as they are designated "Uninhabitable" with USDA-RD. There are no pending unlawful detainers or intent to vacate notices at this time. Unpaid rents – there are several and AWI is in the process of collecting.

Renovated 1980's era Concrete Block Housing

AWI staff continue their marketing efforts. There are (4) applicants in the eligibility process, with (2) applicants nearing approval to move them in this month. Marketing includes distribution of flyers to local farms and businesses, a listing on Craig's List, and \$100 referral reward coupons to residents who make successful referrals. AWI is also offering a one-month free rent move-in special for all applicants. AWI outreaches to local farms and canneries, to improve the Wait List.

AWI has obtained a USDA-RD compliant Market Study, which they have submitted to USDA-RD for review and approval hopefully. The study indicates there's a lack of farm workers in the area that meet the 514 criteria in order to house them at GFLH. The waiver request would permit occupancy by over-income and/or non-farm labor households, and allow current over-income residents to remain in their home helping decrease the vacancy on the property.

Chavarria's Landscaping continues to service the landscaping needs of the property. Staff has an estimate to replace the damaged slide in the playground and is seeking a second estimate at this

time. Other planned improvements to the existing playground include adding bark and a border around the playground area.

Unrenovated 1980's era Concrete-block Unit

Mi C.A.S.A.'s monthly food distribution will be held on January 14<sup>th</sup>, 2025. Mi CASA's Spring Session has started and will run through the month of June, 2025. Staff is reporting that they have (35-40) students attending classes on a daily basis. For the 2025 NAHRO What Home Means to Me poster contest we have received several entries which will be voted on by HACB staff and Board members to determine which entries will be taken to the NorCal/Nevada NAHRO conference scheduled for January 27-28<sup>th</sup>, 2025.

The NVCSS Promotores Dual Language Learning (DLL) program is currently working with (16) families. Promotores and Red Cross staff collaborate with the residents on a Community Garden, located near the soccer field away from the rental units.

State Demonstration "Demo" Housing Unit

AWI continues their efforts to renovate the old concrete block units. AWI was able to renovate (2) of the cinderblock units last year and plan to rehab another (2-4) cinderblock units in the upcoming year.

YTD income comes in at \$16,972.86 less than anticipated at \$304,959.14 Total YTD Expenses comes in \$21,982 less than budget at \$296,754. This brought our YTD Net Profit to \$5,009.00 more than budget at \$8,204. The current reserve balance held by AWI is \$77,911.17.

Additional funds are being sought to continue property building renovation. The USDA is not a factor. State Joe Serna Jr. Farmworker Housing and other program funds are contemplated. Renovation and/or demolition and/or historic preservation of the historically significant 1930's era wooden units is pressing – only nine of the original twenty-four wooden units are habitable.

1930's era Wood Frame Units

Regarding the Well Backup Generator Project, a recent meeting between Rural Community Assistance Corporation (RCAC) and HACB staff reviewed the progress of the project. An engineering assessment recommended installing a 200 KW natural gas generator. RCAC is currently seeking internal approval for this recommendation. Once approved, detailed construction drawings will be prepared to initiate the bidding and construction phases. The project is anticipated to be completed by Fall 2025, though potential procurement delays may impact this timeline.

Please find third party property manager AWI's December, 2024 report following.

## Alamont Apartments December 2024

#### **Monthly Highlights:**

**Updates:** The property is performing according to budget with the exception of water.

Water usage has been higher throughout the year, but in the late fall of 2024, the costs are much higher than in 2023. This is partly attributed to the dry fall season and keeping the irrigation systems operating much later into the year. I've reviewed the December 2024 billing, and Alamont is using less water now that the irrigation systems are turned off for the winter season. In September, during the annual inspections, we found no running toilets or dripping faucets.

Cal Water usage fees were raised by nearly 13% in June 2024 over the rates charged a year earlier in May 2023. Additionally, the monthly flat water meter rates increased by more than 60% in December 2023 over the May 2023 meter rates.

# IRS increases the standard mileage rate for business use in 2025; key rate increases 3 cents to 70 cents per mile

IR-2024-312, Dec. 19, 2024

WASHINGTON — The Internal Revenue Service today announced that the optional standard mileage rate for automobiles driven for business will increase by 3 cents in 2025, while the mileage rates for vehicles used for other purposes will remain unchanged from 2024.

Optional standard milage rates are used to calculate the deductible costs of operating vehicles for business, charitable and medical purposes, as well as for active-duty members of the Armed Forces who are moving.

Beginning Jan. 1, 2025, the standard mileage rates for the use of a car, van, pickup or panel truck will be:

- 70 cents per mile driven for business use, up 3 cents from 2024.
- 21 cents per mile driven for medical purposes, the same as in 2024.
- 21 cents per mile driven for moving purposes for qualified active-duty members of the Armed Forces, unchanged from last year.
- 14 cents per mile driven in service of charitable organizations, equal to the rate in 2024.

The rates apply to fully-electric and hybrid automobiles, as well as gasoline and diesel-powered vehicles.

While the mileage rate for charitable use is set by statute, the mileage rate for business use is based on an annual study of the fixed and variable costs of operating an automobile. The rate for medical and moving purposes, meanwhile, is based on only the variable costs from the annual study.

Under the Tax Cuts and Jobs Act, taxpayers cannot claim a miscellaneous itemized deduction for unreimbursed employee travel expenses. And only taxpayers who are members of the military on active duty may claim a deduction for moving expenses incurred while relocating under orders to a permanent change of station.

Use of the standard mileage rates is optional. Taxpayers may instead choose to calculate the actual costs of using their vehicle.

Taxpayers using the standard mileage rate for a vehicle they own and use for business must choose to use the rate in the first year the automobile is available for business use. Then, in later years, they can choose to use the standard mileage rate or actual expenses.

For a leased vehicle, taxpayers using the standard mileage rate must employ that method for the entire lease period, including renewals.

Notice 2025-5 PPF contains the optional 2025 standard mileage rates, as well as the maximum automobile cost used to calculate mileage reimbursement allowances under a fixed-and variable rate (FAVR) plan. The notice also provides the maximum fair market value of employer-provided automobiles first made available to employees for personal use in 2025 for which employers may calculate mileage allowances using a centsper-mile valuation rule or the fleet-average-valuation rule.

#### INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners of the Housing Authority of the County of Butte Gridley Farm Labor Housing

#### Report on the Audit of the Financial Statements

#### **Opinion**

We have audited the accompanying financial statements of Housing Authority of the County of Butte's Gridley Farm Labor Housing Project (the "Project"), Case No. 04-004-826391452-019 and HCD Contract No. 10-FWHG-7155, which comprise the statements of net position as of September 30, 2024 and 2023, and the related statements of revenues, expenses and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the net position of the Project as of September 30, 2024 and 2023, and the changes in its net position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Project and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Project's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the Project's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Project's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### Required Supplementary Information

Management has omitted the management's discussion and analysis report that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

#### Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information to the financial statements as referenced in the table of contents, and as required by the *United States Department of Agriculture Rural Development and Audited Financial Statement Handbook for Multifamily Rental Housing of the California Department of Housing and Community Development and the California Housing Finance Agency, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.* 

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 15, 2024, on our consideration of the Project's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Project's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards, in considering the Project's internal control over financial reporting and compliance.

#### NOTES TO FINANCIAL STATEMENTS

#### Note 1. Organization and Summary of Significant Accounting Policies

#### Organization:

The Housing Authority of the County of Butte (the "Authority") was established by the County of Butte, California, in 1946 under the California Health and Safety Code as a non-profit public corporation. The mission of the Authority is to assist low and moderate income residents of Butte County to secure and maintain quality affordable housing.

Gridley Farm Labor Housing (the "Project"), HCD Contract No. 10-FWHG- 7155, is owned by the Authority and was formed for the purpose of operating a 121-unit community located in Gridley, California. The Project is financed by a USDA Rural Development ("RD") Section 515 Loan, and therefore is regulated by Rural Development as to rent charges and operating methods.

The Project is an enterprise fund within the Housing Authority of the County of Butte. As such, these financial statements are not intended to present the financial position and results of operations of the Authority as a whole.

Summary of significant accounting policies:

#### Basis of presentation

The accompanying financial statements have been prepared to present the financial activities of Gridley Farm Labor Housing, which is owned by the Housing Authority of the County of Butte. In accordance with regulatory requirements mandated by the United States Department of Agricultural-Rural Development, these financial statements are required to report the operations of the Project. Accordingly, the accompanying financial statements do not provide a complete presentation of the Housing Authority of the County of Butte's basic financial statements. The financial statements of the Project are prepared in accordance with Generally Accepted Accounting Principles (GAAP).

The Project prepares its financial statements on the accrual basis of accounting consistent with accounting principles generally accepted in the United States of America.

#### NOTES TO FINANCIAL STATEMENTS

#### Note 1. Organization and Summary of Significant Accounting Policies (Cont.)

#### Net position classification

Equity is classified as net position and displayed in three components:

Net investment in capital assets – consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Restricted net position – consists of resources with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

*Unrestricted net position* – all other resources that do not meet the definition of "restricted" or "net investment in capital assets".

When both restricted and unrestricted resources are available for a particular restricted use, it is the Authority's policy to use restricted resources first, and then unrestricted resources as needed.

#### Cash and restricted cash

For purposes of reporting the statements of cash flows, the Project includes all cash and restricted cash accounts as cash.

The Project maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Project believes it is not exposed to any significant risk on cash.

#### Accounts receivable

Accounts receivable are principally from tenants of the Project. The Project records an allowance for doubtful collections based on a review of outstanding receivables, historical collection information, and existing economic conditions. Management continues to conduct ongoing evaluations of its tenants and identifies those accounts that are determined to be uncollectible and writes them off. At September 30, 2024 and 2023, the allowance for doubtful accounts was \$60 and \$60, respectively.

#### NOTES TO FINANCIAL STATEMENTS

#### Note 1. Organization and Summary of Significant Accounting Policies (Cont.)

#### Construction reserve

Pursuant to the Regulatory Agreement with the California Department of Housing and Community Development, Multifamily Housing Program ("HCD"), a construction reserve account was established. No annual deposit is required and withdrawals are subject to HCD approval.

#### Replacement reserve

In accordance with the Loan Agreement with RD and the Regulatory Agreement, the Project is required to maintain a replacement reserve account to fund repairs and replacements of buildings and equipment. Withdrawals are subject to RD approval.

#### Property and equipment

Depreciation is computed using the straight-line method over the following useful lives:

| Buildings and improvements | 15-40 |
|----------------------------|-------|
| Equipment                  | 5-15  |

Property and equipment is recorded at cost. Expenditures for maintenance and repairs are expensed as incurred. The Project has established a capitalization threshold of \$5,000.

The Project reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of the property may not be recoverable. Recoverability is measured by a comparison of the carrying amount to the future net undiscounted cash flow expected to be generated and any estimated proceeds from the eventual disposition. If the long-lived asset is considered to be impaired, the impairment to be recognized is measured at the amount by which the carrying value exceeds the fair value as determined from an appraisal, discounted cash flows analysis, or other valuation technique. For the years ended September 30, 2024 and 2023, there were no impairment losses recognized.

#### NOTES TO FINANCIAL STATEMENTS

#### Note 1. Organization and Summary of Significant Accounting Policies (Cont.)

#### Fair value of financial instruments

The carrying amount of financial instruments including cash, accounts receivable, prepaid expenses, accounts payable and accrued liabilities, approximate their value due to the short-term maturities of these instruments.

#### Revenue recognition

Rental income attributable to residential leases is recorded when due from residents, generally upon the first day of each month. Leases are for a period of up to one year, with rental payments due monthly. Subsidy income is considered part of the lease and is not considered a contribution as government payments to specifically identified participants are considered exchange transactions. Other income is recorded when earned and consists primarily of laundry and other tenant charges.

#### Income taxes

The Authority is exempt from Federal Income and California Franchise Taxes. Accordingly, no provision for federal or state income taxes attributable to the Project was made in the accompanying financial statements.

#### Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Subsequent events

Management has evaluated subsequent events through October 15, 2024, the date on which the financial statements were available to be issued and determined that there are no subsequent events requiring disclosure.

#### NOTES TO FINANCIAL STATEMENTS

#### Note 2. Notes Payable – USDA Rural Development

In December 2013, the Housing Authority signed a 33-year promissory note with USDA RD for two loans \$2,000,000 each, as well as two grants, \$1,000,000 each. These loans and grants were for the overall rehabilitation of the property and units of Gridley Farm Labor Housing Project. The interest on the loans equal to 1% per annum is payable on the first of each December. Principal and interest are payable on an annual installment of \$75,351 each on the first of each December until the maturity December 1, 2046. The loans are secured by a deed of trust on the real property.

The future amounts of principal payments under these notes were as follows at September 30:

| 2025       | \$<br>121,943   |
|------------|-----------------|
| 2026       | 123,162         |
| 2027       | 124,394         |
| 2028       | 125,638         |
| 2029       | 126,894         |
| Thereafter | 2,253,967       |
|            | \$<br>2,875,998 |

#### Note 3. Due to Authority

Amounts due consisted of short-term amounts owed to the Authority for the reimbursement of certain operating expenses. As of September 30, 2024 and 2023, the Project owed \$160,660 and \$160,660, respectively, to the Authority.

#### Note 4. Housing Assistance Payments

The Authority has entered into a Rental Assistance Agreement (the "Agreement") with RD providing rental assistance for 112 units. For the years ended September 30, 2024 and 2023, \$712,287 and \$635,515, respectively, of gross revenue was received from RD in the form of rental assistance.

#### NOTES TO FINANCIAL STATEMENTS

#### Note 5. Management Fee

The Authority entered into a contract with AWI Management Corporation for the day-to-day management of this property. The Authority appointed the AWI Management Corporation as its agent to manage, operate, supervise and lease the Project and to perform actions necessary to fulfill the Authority's obligations to any government agencies. This agreement does not relieve the Authority of its responsibilities under the Regulatory Agreement with the HCD. Property management fees of \$81,206 and \$84,056 were incurred during 2024 and 2023, respectively, for the property management services provided by AWI Management Corporation.

#### Note 6. Current Vulnerability Due to Certain Concentrations

The Project's major asset is Gridley Farm Labor Housing Apartments. The Project's operations are concentrated in the affordable housing real estate market. In addition, the Project operates in a heavily regulated environment. The operations of the Project are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies, including, but not limited to, Rural Development, Department of Housing and Community Development and the State Housing Agency. Such administrative directives, rules and regulations are subject to change by an act of Congress or an administrative change mandated by Rural Development, Department of Housing and Community Development or the State Housing Agency. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners of the Housing Authority of the County of Butte Gridley Farm Labor Housing

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Gridley Farm Labor Housing, HCD Contract No. 10-FWHG-7155 (the "Project"), which comprise statement of net position as of September 30, 2024, and the related statements of revenues, expenses and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 15, 2024.

#### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Project's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control. Accordingly, we do not express an opinion of the effectiveness of the Project's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Project's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

#### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Project's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Project's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Project's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR RD PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE AUDIT GUIDE FOR AUDITS OF RD PROGRAMS

To the Board of Commissioners of the Housing Authority of the County of Butte Gridley Farm Labor Housing

Report on Compliance for Each Major RD Program

#### Opinion on Each Major RD Program

We have audited Gridley Farm Labor Housing's (the "Project") compliance with the compliance requirements in the *Audit Guide for Audits of RD Programs* (the Guide) that could have a direct and material effect on the Project's major U.S. Department of Rural Development (RD) program for the year ended September 30, 2024. The Project's major RD program and the related direct and material compliance requirements are as follows:

| Name of Major RD Program  | Direct and Material Compliance Requirements   |
|---------------------------|---|
| Section 514 Labor Housing | Mortgage status, replacement reserve, return on investment or return to owner, equity   |
| Loan                      | skimming, cash receipts, cash disbursements, tenant security deposits, management       |
|                           | functions, unauthorized change of ownership/acquisition of liabilities and unauthorized |
|                           | loans of project funds.   |

In our opinion, the Project complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each major RD program for the year ended September 30, 2024.

#### Basis for Opinion on Each Major RD Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the Guide. Our responsibilities under those standards and the Guide are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Project and to meet our other ethical responsibilities, in accordance with relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major RD program. Our audit does not provide a legal determination of the Project's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Project's major RD program.

Telephone: 209.473.1040 Facsimile: 209.473.9771

#### Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Project's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Guide will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Project's compliance with the requirements of each major RD program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Guide, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Project's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Project's internal control over compliance relevant to the audit in order to design
  audit procedures that are appropriate in the circumstances and to test and report on internal control over
  compliance in accordance with the Guide, but not for the purpose of expressing an opinion on the effectiveness
  of the Project's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a compliance requirement of a RD program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement of a RD program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a RD program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Guide. Accordingly, this report is not suitable for any other purpose.
