Strategy for Addressing Needs

- Need: Shortage of affordable housing for all eligible populations

Strategy 1: Maximize the number of affordable units available to the PHA within its current resources by:

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies

Strategy 2: Increase the number of affordable housing units by:

- Pursue housing resources other than public housing or Section 8 tenant-based assistance.

- Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30 % of AMI

- Adopt rent policies to support and encourage work
- Need: Specific Family Types: Families at or below 50% of median

Strategy 1: Target available assistance to families at or below 50% of AMI

- Adopt rent policies to support and encourage work
- Need: Specific Family Types: The Elderly

Strategy 1: Target available assistance to the elderly:

- Apply for special-purpose vouchers targeted to the elderly, should they become available
- Need: Specific Family Types: Families with Disabilities

Strategy 1: Target available assistance to Families with Disabilities:

- Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- Affirmatively market to local non-profit agencies that assist families with disabilities
- Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

- Affirmatively market to races/ethnicities shown to have disproportionate housing needs
- Participate on Hmong Task Force

Strategy 2: Conduct activities to affirmatively further fair housing

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations

Reasons for Selecting Strategies

The factors that influenced the PHA's selection of the strategies it will pursue:

- Funding constraints
- Staffing constraints
- Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA
- Influence of the housing market on PHA programs
- Community priorities regarding housing assistance

- Results of consultation with local or state government
- Results of consultation with residents and the Resident Advisory Board
- Results of consultation with advocacy groups

 - Adoption of site-based waiting list would not violate any court order or settlement agreement or be inconsistent with a pending complaint brought by HUD;
 - The PHA shall take reasonable measures to assure that such waiting list is consistent with affirmatively furthering fair housing;
 - The PHA provides for review of its site-based waiting list policy to determine if it is consistent with civil rights laws and certifications, as specified in 24 CFR part 903.7(c)(1).

All required supporting documents have been made available for public inspection along with the Plan and additional requirements at the primary business office of the PHA and at all other times and locations identified by the PHA in its PHA Plan and will continue to be made available at least at the primary business office of the PHA.

2013 RESIDENT COMMENTS

RESIDENT ADVISORY BOARD (RAB) MEETING COMMENTS

During the RAB meetings, the following recommendations and/or comments were received from Residents:

Public Housing

- HACB recommended a that a procedure be incorporated into the ACOP whereby the Agency may be allowed to charge water usage to all of the Public Housing units that are individually metered and then pay the Resident a utility allowance for water.
 - The Residents agreed and felt that water waste was a concern in their neighborhoods and that this might hold people more accountable.
- A Resident from Rhodes Terrace (43-13) expressed his appreciation for the positive presence by HACB staff in driving the Public Housing properties.

Section 8

- One person asked how to report fraud on the Section 8 Housing Choice Voucher program.
 - HACB addressed the concern.

Both

- Overall, Residents shared their appreciation for the programs and felt that the proposed changes made sense.

45-DAY REVIEW PERIOD COMMENTS

HACB received two comments during the review period. Both of which were presented to the HACB Board of Commissioners on June 20th. Attached are copies of the public comments (from Christine Boyle and Legal Services of Northern California) and the written response by HACB Staff to the Board of Commissioners.

MEMO

From: Tamra C. Young, Executive Assistant

Subject: Board Adoption

- 2013-14 Agency Plan
- Public Housing Admissions and Continued Occupancy Policy (ACOP)
- Section 8 Administrative Plan (Admin Plan)

As a public agency administering the HUD Public Housing and Section 8 Housing Choice Voucher (HCV) programs, HACB is required to submit to HUD applicable agency and administrative plan documents 75 days prior to the end of the HACB's fiscal year (submission due July 18th). HACB has already taken the following steps:

- March 27th – Because of the minimal document changes required this year, HACB conducted one (1) Resident Advisory Board meeting (inviting Legal Services of Northern California and forty-five (45) Public Housing and Section 8 participants).
- April 18th – HACB Board of Commissions adopted draft documents, and the required 45-day review Public Comment period was opened.

Attached are copies of the feedback that we have received during the 45-day review Public Comment period. Management's response and recommendations with regards to Public Comment are as follows:

Email from Christine Boyle dated April 30, 2013

While Management agrees that addressing homelessness is important, relevant, and timely, there is a larger County-wide effort to address homelessness currently underway, in addition to significant community conversation in the City of Chico. Recommended is careful consideration and development of community policy and input before implementation of a preference for admissions for homeless status. HACB works alongside other community members on the Butte Countywide Continuum of Care,

Greater Chico Homeless Task Force and other agencies and initiatives specifically targeting development of a community-wide, multi-agency approach to the issues of homelessness. Also, HACB recently received grant funds to develop a “Ten-Year Plan to End Homelessness” in Butte County, which has just gotten underway. Perhaps even more important, due to lack of funding, there will not be any new admissions to the Section 8 program in the FY2013-14. Therefore the addition of any preference at this time would be moot.

Denise Hardy/Laurel Yorks, Legal Services of Northern California letter dated May 31, 2013

All clarifications/corrections addressed in the letter should be implemented as recommended, with the exception of:

Consideration of Circumstances – HACB believes it is in the best interest of the Agency and its clients to consider all criminal records, regardless of conviction in the screening process. Arrests have not (and will not) be given the same consideration as convictions, but could provide insight to the Agency as to a client’s suitability, especially if a pattern of arrests exist.

Denial of Admission - HUD requires a minimum 3 years look-back period for criminal activity, but allows agencies to elect a longer look-back period. The HACB’s existing policies regarding the admissions look-back uses a 5 years standard. LSNC has requested that HACB change both the above items for the past several years. However, they have not provided evidence that current HACB policy is negatively impacting households being considered for admission, or the households being served. Housing resources are scarce and HACB desires to be the best steward of these resources for the community and the community members it serves.

We value the recommendations we have received from both Cris Boyle and LSNC. Their feedback is an important part of the Annual Plan and administrative policy process.

Recommendation: Hold Public Hearing. Receive and file final documents (Agency Annual Plan, Public Housing ACOP and Section 8 Admin Plan) by adoption of Resolution Nos. 4503 and 4504).

I would like to bring up for discussion the possible addition of a section 8 wait list preference for Homeless. I know both Sonoma and Santa Barbara give a preference for (referred from other agencies) homeless. Santa Barbara does every 4th voucher for homeless. I know Ed has not been big on preferences for one group over another, but with all the local talk of the homeless issue in Chico, now may be a good time to bring it up again with the discussion of the Admin plan update.

My personal preference is for developed or re-habbed project based vouchers for this specific population - like the Renaissance Projects in Fresno or the converted blighted old motels, etc.

Anyway... I'd like to see the commissioners at least talk about the possibility.

Dear Board of Commissioners:

Legal Services of Northern California submits the following comments in connection with the Housing Authority of the County of Butte's (HACB) proposed Section 8 Administrative Plan ("Admin Plan") and the Admissions and Continued Occupancy Policy ("ACOP") for Fiscal Year 2013-2014.

Legal Services of Northern California ("LSNC") provides a variety of free legal services, including advice, referral, and direct legal representation to low-income individuals, families, seniors, and community groups, within Butte, Colusa, Glenn, Tehama, and Plumas Counties. LSNC also provides self-help materials, legal clinics, and community legal education to various communities throughout its service area.

We are submitting comments on some items requiring correction and/or clarification as well as comments on the following topics: (1) consideration of circumstances (2) denial of admission (3) consideration of arrests; and (4) informal hearings for Section 8. We submit these comments in the hope that they will facilitate a continued dialogue with HACB and assist the agency in administering its housing programs in a manner consistent with its mission of promoting adequate and affordable housing. We welcome meeting with HACB to respond to any questions or concerns that the agency may have with regard to our comments.

Clarifications/corrections

1. Definition of Family in ACOP: ACOP (3-I.B.): "Near-elderly" should be added to the list under the HACB Policy defining what a single person family may be. Same comment for the Section 8 plan.

2. Determining Unit Size: ACOP (5-I.B) The second paragraph of the HACB Policy is unclear and is perhaps missing wording: "For occupancy standards, an adult is a person 18 years or older or a minor that meets the Courts definition of Necessities."

I. Consideration of Circumstances

Page 3-21 of proposed changes in the Section 8 Admin Plan: The HACB has added the additional factor concerning violent criminal activity in its consideration of all circumstances when determining whether to deny assistance based on a family's past history.

Specifically, in the case of violent criminal activity, the HACB will consider whether the culpable household member has "successfully completed a supervised offense-related rehabilitation program or is able to provide verification of rehabilitation from a probation officer or an officer of the court." Because it may be difficult to find a supervised offense-related rehabilitation program or to procure acceptable verification of rehabilitation from a probation officer, we recommend rewording that section to mirror the language regarding drug or alcohol abuse in that same section to provide some flexibility regarding rehabilitation. The recommended rewording is:

"In the case of violent criminal activity, whether the culpable household member has successfully completed a supervised offense-related rehabilitation program or has otherwise been rehabilitated successfully. The HACB will require the applicant to submit evidence of the household member's successful completion of a supervised offense-related rehabilitation program, or evidence of otherwise having been rehabilitated successfully."

II. Denial of Admission

Several provisions in Chapter 3, Part III of both the ACOP and the Admin Plan, address denial of admission/assistance to individuals who have engaged in certain criminal activity. Under federal law, the PHA may prohibit admission of an applicant who, during a "reasonable time" before the admission decision, engaged in "drug-related or violent criminal activity which would adversely affect the health, safety, or enjoyment of the premises by other residents...or public housing agency employees." 42 U.S.C. 13661(c). The "reasonable time" that the HACB has established in both the ACOP and Admin Plan is a five year look back period for criminal activity. Excluding the two lifetime bans on admission to HUD subsidized housing, the only other prescribed look back period for criminal activity is a three year period where an applicant has been evicted from federally assisted housing for drug-related criminal activity. And even then, PHAs retain discretion to consider the circumstances and may still admit households based upon those circumstances that led to the eviction. 24 CFR 960.204, 24 CFR 966.4, 24 CFR 982.553. Legal Services of Northern California, therefore, has consistently recommended that the HACB cap the look back period for criminal activity to a three year period.

Furthermore, the Secretary of HUD recently issued two letters to both PHA Executive Directors (June 17, 2011) and to owners and agents of HUD-assisted properties (April 3, 2012) encouraging them to "allow ex-offenders to rejoin their families in the Public Housing or Housing Choice Voucher programs, when appropriate." The Secretary further reiterated the broad discretion that PHAs have in setting admission and termination policies. Lastly, the Secretary stated, "this is an Administration that believes in the importance of second chances – that people who have paid their debt to society deserve the opportunity to become productive citizens and caring parents, to set the past aside and embrace the future. Part of that support means helping ex-offenders gain access to one of the most fundamental building blocks of a stable life – a place to live."

III. Consideration of Arrests

The HACB states in Chapter 3, Parts III.C of both the ACOP and the Admin Plan, that when screening applicants for past criminal activity, it will consider both convictions and arrests. Legal Services of Northern California has previously recommended, and continues to recommend, that the HACB should restrict its criminal background check to convictions. Arrests alone, which do not result in conviction, do not indicate criminal activity (see Landers v. Chicago Housing Authority, (2010) 404 Ill. App. 3d 568; 936 N.E.2d 735). A significant number of arrests are erroneous, particularly in low-income communities. Across California, more than 30% of felony arrests do not result in convictions. Office of the Attorney General, *Crime in California 2010*, available at <http://ag.ca.gov/cjsc/publications/candd/cd10/preface.pdf>. State law acknowledges that arrests are not an accurate predictor of future conduct and therefore prohibits investigative consumer reporting agencies from reporting arrests that did not result in convictions to potential landlords. See Cal. Civ. Code § 1786.18(a)(7). A number of major PHAs, including the New York City Housing Authority and the Housing Authority of the City of Baltimore, do not consider arrests as evidence of criminal activity.

IV. Hearings

In the Section 8 Plan, Chapter 16 Part III, 16-IIIC. Informal Hearings for Participants, HACB Policy, page 16-11, a family may reschedule a hearing for good cause or as a reasonable accommodation. "Good cause is defined as an unavoidable conflict which seriously affects the health, safety, or welfare of the family." The definition of good cause is narrowly defined and does not take into consideration an unavoidable conflict which may not "seriously affect[s] the health, safety, or welfare of the family" but is nonetheless, an unavoidable conflict. An example of this is an out of state, scheduled and paid for trip. We therefore recommend that the Policy language be modified to read: "...an unavoidable conflict, *including one* which seriously affects the health, safety, or welfare of the family."

In conclusion, thank you for the opportunity to submit these comments. We look forward to discussing these issues with you in greater depth.

Sincerely,

LEGAL SERVICES OF NORTHERN CALIFORNIA

 
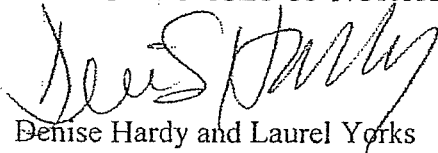

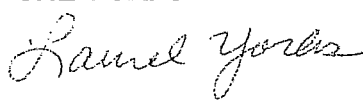

Denise Hardy and Laurel Yorks
